ESD electronic needle-nose pliers, 45° angle, smooth gripping surface, with opening spring, non-reflective coating and phosphate-treated, two-component handle, type of packaging: with holder for sales display (backcard)

Product Features

- Opening spring for uniform, smooth opening
- Ergonomically designed two-component handles for fatigue-proof and non-slip use
- Screwed precision-joint for permanent stability and optimum results
- Mirror-polished and phosphate-treated metal surfaces for optimum rust protection and no glare when working
- Made from special high-grade tool steel
- The special conductive plastic handles ensure slow and safe removal of electrostatic energy according to standards and directives such as DIN EN 61340-5
